THE TRUST
SINCE 2005

Mehar Baba Charitable Trust (MBCT) is a registered NGO with a decade long experience in programmes for uplifting rural communities. Specific projects help in the holistic development of children, aid socio-economic empowerment of women, provide direction and life skills to youth, improve village life, and health-care for the underprivileged.

The Trust functions out of a three-storied, 20,000 Sq ft community centre, by the name "Mata Harnam Kaur Community". Women have been counselled and trained in various crafts at the vocational training centre, about 5,200 youth (both girls & boys) in computers, accountancy, and hospitality with compulsory Spoken English, Soft Skills and Personality Development Courses.

In the year 2018-19, the Trust has enhanced its training capabilities to provide more options for skills development and livelihood enhancement, organized Job Fest and also launched the MBCT Alumni Association.

Development Center (MHKCDC), which holds a Computer Centre, Language Lab, Vocational Training Centre, Women Empowerment SHG and a Convention Centre.

Additionally, the Trust carries out outreach programmes to benefit the rural population in a radius of 25 kilometers around Bassi Pathana Township of Fatehgarh Sahib District, which includes 187 villages.

In 15 years of working for rural upliftment, around 48,000 underprivileged villagers have directly benefitted from the village health programme .

TRUSTEES' TAKE

Hassan Singh Mejie
Managing Trustee

As the Financial Year 2019 / 2020 was coming to an end, the world plunged into the most critical and disastrous CRISIS it had experienced since the Spanish Influenza of 1918. MBCT was no exception, each and every activity came to a sudden halt on the 23 March 2020, when the Prime Minister declared a nationwide lockdown due to medical emergency. But our brave MBCT staff, management & volunteers came to the fore and became the new COVID Heroes in its area of operations. They reached out to all the needy people in the adopted 187 village offering Food Rations, medicine, masks, sanitizes and all other essentials. The brave rural artisans of Phulkari Makers Bassi Pathana went a step ahead and produced PPE kits and masks for supply to the hospitals, as there was acute shortage of these items.

I salute all at MBCT for showing such remarkable courage & resilience in these difficult times.

Ajit Singh Chatha
President

As we struggle to combat the pandemic, and look at its after effects, the people in 187 villages under MBCT's care had a great advantage of practising and following Covid norms, what they had already been doing.

MBCT had initiated massive campaign on hand-washing and sanitization in District Fatehgarh Saheb couple of years ago. Children and families were already following the hand-washing protocol at their homes and schools. This resulted in better protection to the residents of our villages in the District.

Thanks to the villagers who accepted MBCT's initiative and became partners with us.

Jatinder Cheema
Trustee

Another remarkable year of MBCT's excellent service to the people of Fatehgarh Saheb District. We hjave seen many corporate and global organisations joining hands with us to reach out to the people in need.

Most crucial had been MBCT's resolve to empower the girls and women in the area. Those who had never stepped out of their homes, have enriched their own lives and that of their families through their own enterprises.

Nothing is more satisfying than seeing our women becoming a strong pillar of support for their families, inspiring many others to make a new beginning.

Dr Puran Singh Jassi
Trustee

One of the key learnings for all our friends associated with MBCT had been that change can be imagined and brought about only when the people, the beneficiaries, become partners in the mission. And it is very satisfying that MBCT had been able to achieve it.

Over the years, MBCT has become a part of the lives of every villagers. They have discovered a new mentor in the Trust who can help them and lead them to a better way of living.

And we feel blessed. As our father used to say, we are blessed that these villages have given us the opportunity to be of use to them.

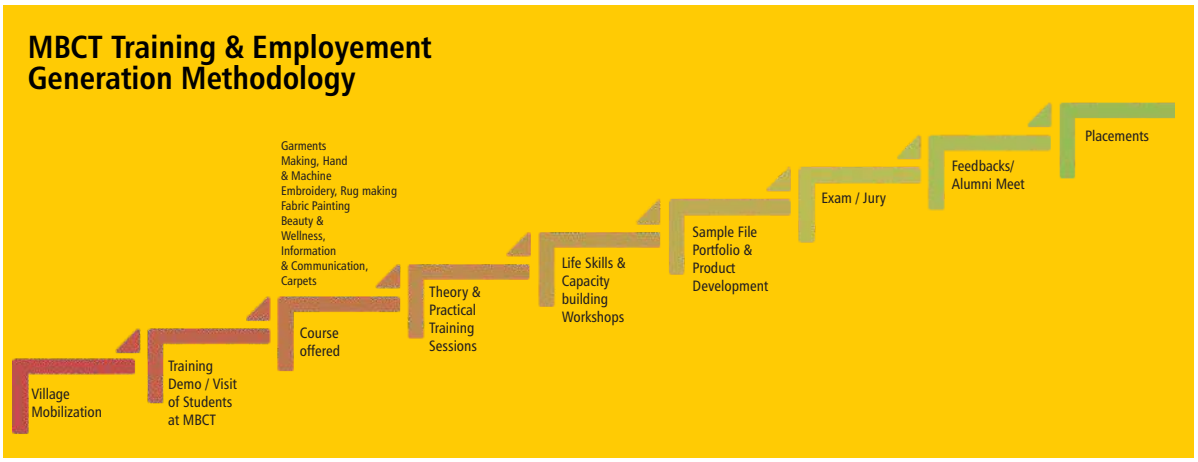
Village Mobilization

An End-to-End Solution

The MBCT Learning Model has been structured to complete the cycle of social-economic development through capacity building, starting from identifying the geographical area of a village, MBCT initiates reach-out programs for mobilization through information and awareness by engaging with village leaders and other influencers.

Various Skill building programs train the youth and women to make them capable of either getting employment or starting their own entrepreneurial journey. MBCT has a strong network of organizations that mentor and offer employment opportunities and internship as well as help them in setting up their own enterprises.

Village Mobilization work in progress at village Main Majri by MBCT volunteers



Living their Dreams

women empowerment

In the year 2019-20, 269 women/ girls were trained from vocational training centre. MBCT is committed to uplift every woman to discover her fullest potential. A comprehensive approach covering personal growth and life skills, vocational training, financial literacy, opens up newer vistas for women to be self-reliant, boosting their confidence and improving their quality of life.

MBCT's women empowerment programme enables free skills training including product material; the learners graduate with a portfolio of their work. Soft skills training including personality development, interpersonal communication, business & marketing as well as customer service enableing women to explore a range of employment opportunities.

Health literacy helps women emerge more confident and capable to start own ventures. Qualitative support is provided through linkages with industry, alumni meets, private enterprise exposure & hand holding for own businesses. MBCT has helped more than 75% women to become self-reliant.

Self Help Groups formed

The phulkari artisans draw on the empowering narrative of Phulkari as a symbol and celebration of life to encourage the women of rural Punjab to acquire new skills through reviving old talents, to enable them to rediscover the self-confidence and self-esteem required to earn by their own industry and initiative, and to direct their personal agenda towards claiming their rightful place as productive and valued members of society.

Skilling for a Better Tomorrow

Har Haath Hunar, Har Ghar Khushi

MBCT vocational training centre students doing Hand Embroidery.

Since its inception, MBCT had an avowed objective to empower women, who had remained tied to their hearths. Young girls dropped out of school for various reasons, the primary one being the patriarchal mind-set of the people to keep them engaged in domestic chores only. Education was their least priority and making them work was taboo. This barrier is broken as has the faith of the people grown over years of service by MBCT.

MBCT has shown them the way and brought girls to its well-equipped Centre in Bassi Pathana, to teach them newer skills and make them self- reliant.

No. of Women Trained in 2019-20

Cutting & Tailoring / Inline Checker	96
Embroidery: Hand & Phulkari work	88

50 Students of MBCT who appeared for the SOSVA [N] instituted Training for training in Cutting & Tailoring and Skin and Beauty care were awarded Diploma Certificates on successfully passing the exams.

Preserving Phulkari

A Self Help Group of Rural Women Artisans

The Phulkari Makers of Bassi Pathana is a financially independent self-group which evolved organically out of the vocational training initiatives at Mehar Baba Charitable Trust in the year 2008.

The Phulkari artisans draw on the empowering narrative of Phulkari as a symbol and celebration of life to encourage the women of rural Punjab to acquire new skills through reviving old talents.

The group is working with 100-150 women artisans and offers ethnic Contemporary designs in phulkari bags, stoles, dupattas, apparels, home decor, giftings stationery, lifestyle accessories etc.

To enhance earning capacity of the trained rural women, MBCT supports a Self Help Group viz. Phulkari Makers of Bassi Pathana for reaching out to a global market.

Phulkari Makers Bassi Pathana self help group of rural craftswomen trained by MBCT participating in Mahalaxmi Saras Exhibition supported by NABARD from 17 -29th january 2020 at Mumbai.

Corporate Orders

The Phulkari Makers of Bassi Pathana - a Self Help Group which evolved organically out of the vocational training initiatives at Mehar Baba Charitable Trust in the year 2008. The phulkari artisans draw on the empowering narrative of Phulkari as a symbol and celebration of life to encourage the women of rural Punjab to acquire new skills through reviving old talents. This enables them to rediscover their self confidence & self-esteem required to earn a decent livelihood & claim their rightful place as a productive & valued member of the community.

PMBP is impacting lives of more than 150 women artisans and their families. PMBP is a self sustaining rural artisans enterprise which has clientele in India and abroad.

Phulkari Makers Bassi Pathana self help group of rural craftswomen participated at the NABKRAFT Mela, Himachal Bhawan Sector 28, Chandigarh.

Dy. Commissioner Fatehgarh Sahib Amrit Kaur Gill interacted with the artisans of the Self Help Group PMBP. She appreciated The training approach, success stories &bexcellent quality of hand-crafted products.

INSPIRING STORY

Kamaljeet...the Brave Heart!

Kamaljeet Kaur
Age:- 28 yrs.
w/o Karamjeet Singh
Village/Place: Shahidgarh,
Fatehgarh Sahib
Course: Cutting & Tailoring
Employment: Stitching Artisan,
Phulkari Makers Bassi Pathana

When you dare to dream, the goal gets clearer. And the first step flags off the journey...which may initially appear tedious, but at the end of it, you find the rainbow.

"I thank MBCT for providing me an opportunity to get enrolled in th course of Cutting & Tailoring". I got to learn many new techniques of stitching which I did not know earlier. I got a chance to experiment various types of clothing and lean their stitching techniques. I started to work on some production order works for Phulkari Makers BassiPathana in between my training program. After the course, I am now able to apply these new methodologies in my daily job works. This has helped me to increase my capacities and hence increase in my monthly income Me and my family are very happy and thankful for this course." – Kamaljeet Kaur

Making Youth Employable

Skill the rural youth at par with the urban counterparts for employability, jobs or own businesses

With the aim to make the youth employable, MBCT skilled 153 youth in various courses including Basic Computer Skills, Hardware Repair and Maintenance, Training in Manual and Computerized Accounting & Domestic Data Entry Operators course under National Urban Livelihoods Mission NULM Scheme. Further, add on training session on communication and soft skills are provided to the students. Mandatory class projects & assignments are given to make them confident and well versed on their subjects. These projects are later examined by IT industries.

Three workshops were organised for Computer Learning Centre students; Workshop on Laptop Troubleshooting & Assembling, 'Speaking with Confidence',and Communication Skills'.

Up Skilling
the Next Generation

Celebrating World Environment Day which is celebrated world over on 5th June 2019. This is celebrated to sensitise the people and encourage them for the protection of our environment for the benefit of future generations. There are immense challenges in marine pollution, Plastic and other waste pollution, Poisoning of rivers small and big by polluting industry and sewage Drains of town and cities, Plastic waste is another big threat to the earth, so is the dwindling forest cover, which in turn effects the wildlife, there is the threat of pollution by fossil fuels and dangerous industrial and vehicular gas emissions into the atmosphere, which is leading to Global warming and changing weather patterns world over.

At Mehar Baba Charitable Trust the students of the learning Centre were made aware of all the above issues

MBCT celebrated World Youth Skill Day, the theme for World Youth Skills Day 2019 is 'Learning to learn for life and work'. A Skilling awareness rally was taken out by the Students of MBCT's Skill Training Centre Bassi Pathana to convey the message of importance of youth skills development. Braving the monsoons and downpour, the Students proceeded with the Skills Awareness Rally through the winding mughal era town of Bassi Pathana. They were carrying Banners & Posters conveying the messages of the importance & power of skills in transforming their lives.

and a Poster Making Competition was held to bring about awareness of the dangers we face today from pollution and fast deteriorating world environment and the need for each and every citizen of this planet to take on the responsibility of creating a safe and sustainable environment. The MBCT students pledged to leave a safer and better natural environment for the future generations, then the one they had inherited.

MBCT is **proud** of them!

Catching Them Young

Many young hockey players have been selected as National Probables by the Sports Authority of India. Players gain skills and expertise, and develop sportsmanship spirit.

The MBCT Hockey Nursery is a unique initiative for Rural Children providing expert hockey coaching to 100 players in the age group of 4 to 14 years. The regular practice along with the experience of participating in various tournaments help children to become competent players and get selected by eminent academies for continuing their training.

Our Partners and Patrons

We could do so much just because of the continued support of our partners and generous patrons.

Many of the Programmes have been completed with the support and participation of organisation like PGIMER, Central Government and Public Sector Corporations.

Several other have been extending in- kind help to enable us run our programmes.

We are grateful to them for going had with in our humble efforts.

MBCT is engaged in transforming lives of the people in 187 Villages in Fatehgarh Sahib District of Punjab through various pioneering initiatives including bringing medical health care to the villagers' doorsteps, empowering the girls and youth through literacy and skills development programmes, and engaging them in meaningful social development endeavours in their respective communities; combating critical health Issues; improving sanitation and hygiene; and grooming children in hockey .
